

Revisit. Refresh. Prepare.

Revisit your hurricane plan

If you live in South Mississippi, Harrison County Emergency Management encourages you to have a hurricane plan for you and your loved ones. If you are a business owner, you should have one for your business and your employees.

If you have a hurricane plan, now's the time to revisit it. Discuss your plan with your loved ones to see what's changed from last season to the 2019 hurricane season.

Address question such as how you will receive emergency alerts and warnings, what is your shelter plan, how will you evacuate and how will you communicate as a family?

While revisiting your plan, concentrate on the things that may have changed such as the ages of your family members, your family's medical needs and the acquisition of pets.

You can go to [fema.gov](https://www.fema.gov) to find forms to fill out so that your revised plan is easily accessible.

Remember, now's the time to revisit your hurricane plan.

This hurricane remember

Revisit
Refresh
Prepare

1. Revisit your hurricane plan
2. Refresh your supplies and supplies
3. Prepare when there's time
